Procedures for exporting/selling to Japan

1

Importer

- Give advice to make it Japanese specification
- Take the certification for JIS, JEM, etc. instead of you
- Have established sales channel

2

Design Office

- Incorporate the product directly into the blueprint reason
- Have possibilities to be used in facilities and houses Japan nationwide

3

Contractor/ Housing Manufacturer

- Find new and innovated products/services from overseas to differentiate from competitors
- Introduce your products for building, new facilities, houses and renovating buildings

4

End User

- You can directly sell/export your products to the end users, such as building owners and developers
- Reaching them is easier way to have a direct client

Direct sales to all targeted segments!

Why JAPAN BUILD is expanding every year?

Reason

1

Direct business meetings with the decision makers

53.6% of visitors are above management level.
You can have intensive business discussions
with decision makers who are highly motivated
to install new system and services.

53.6% is above Management level

*Average rate from Osaka and Tokyo show

Osaka

Tokyo

*Visitor data from 2023

Reason

2

Support system to increase exhibit result

To make the most out of exhibition,
ES (Exhibitor Success) team will provide you tips to
conduct business meetings that lead to successful results.

Example

- We don't know what to prepare for the first time exhibiting
- How to attract visitors?

* ES (Exhibitor Success) is RX Japan's unique partnership that leads to successful exhibiting.

Packaged exhibiting plans to maximise your show results
